

Greetings,

The North Carolina International Association for Identification Awards and Goodwill Committee would like to recognize a member who has done an outstanding job on a case/event.

A "Professional High 5", if you will.

If you know a NCI AI member who has gone above and beyond the call of duty on a case/event, we would like to hear about it. The committee will accept emailed nominations thru August 22, 2022. The email should include the following:

- ❖ Member's name, title and agency
- ❖ Person making the nomination
- ❖ Date and location of the case/event
- ❖ Pertinent information/synopsis about the case/event
- ❖ Details about the member's notable actions and what they did that was outstanding

The case/event can be any type; latent, footwear, forensic, or just a BIG or involved case/event.

The case/event would have had to occur or have been disposed of in court, within the last two years, between August 22, 2020 and August 22, 2022.

We understand that certain information may be sensitive to a case. So, please make sure the case has been disposed of in court or otherwise permitted to be publicized. We do not want to jeopardize any case or court proceeding.

The nominations and winner will be announced at the Awards Banquet on the evening of September 14, 2022.

The winner will receive a personal award and a perpetual plaque to display in their office or department for the next year.

Email your nomination(s) to: bethpwilliamson@gmail.com

Please put "Excellence Award Nomination" in the subject line.
